

R-CAM 1000 XLT DOWNHOLE CAMERA SYSTEM

With Adjustable Lighting & Hard Drive Storage

DESCRIPTION

The Laval **R-Cam 1000 XLT** downhole camera is a completely portable, self-contained video inspection dual view camera system that can inspect boreholes up to 300m (1000 ft.) deep and 30.5cm (1.64 ft.) in diameter. **The R-Cam 1000 XLT camera has the ability to increase and decrease the cameras lighting on demand.**

The **R-Cam 1000 XLT** system combines all the features of a full, professional system with breakthrough affordability. Developed as a cost-effective portable system, it delivers real-time inspection footage on-site. Using the **R-Cam 1000 XLT** allows operators to offer an enhanced and quality service by giving clients the opportunity to view well conditions and approve completed works, a must for drillers & rehabilitation engineers.

This lightweight, professional grade camera comes with its own trolley. Features include down and side viewing capability, an on-screen depth counter, 9" DVR Monitor, 16GB of internal/external storage, 12v power supply and a portable battery.

TECHNICAL CHARACTERISTICS

- Diameter: 2 inches (5.1 cm) O.D, Overall Camera Length: 20 inches (50.8 cm)
